I am a long time resident of Mendocino county and have been following the changes proposed for the cannabis ordinance.

I am bewildered by this counties policy makers continued support of the 10% expansion being considered, when it is opposed by a majority of county residents, and the 3d district. We are most affected and least represented. Haschak has been listening to what those of us opposed have been saying.

The 10% expansion needs to be removed from the ordinance, Or allow the 3d district to opt out , or we need to have a chance to vote.

I intend to work everyday on the referendum if you ignore the majority of residents and continue to support the ordinance as presented by the BOS.
