I've seen the estimate that 98% of the residents of our county do not want expansion of the current policy at this time. Until and unless we get through this drought it is irresponsible for us to even consider expanding a policy that the county is so far behind in enforcing. I urge you and the other commissioners to send a clear message back to the supervisors that you recommend no expansion of crop area at this time, no intrusion into rangeland and no greenhouses/hoop houses allowed.

Thank you

Diane Knox
