Dear Planning Commissioners,

I am a long time resident of Mendocino County, a property owner, tax payer, registered voter and retired school teacher.

I am opposed to any expansion of cannabis without an environmental impact report for the whole county. The lack of water is extremely serious presently and could continue into future years. I am opposed to any expansion onto rangeland and the 10% expansion to any property 10 acres and above. I am also opposed to hoop houses for growing.

I don't know of anyone personally who is supporting this proposed cannabis proposal. I will support a petition to file a referendum against 10% percent expansion.

It is very important at this time to make responsible decisions affecting our environment given the climate crisis, declining animal populations, etc.

Please do not support the proposed cannabis proposal from the Board of Supervisors.

Sincerely,

Kathleen F. Azarnoff
