

Dear Honorable Planning Commissioners,

I'm writing to express my strong opposition to the 10% expansion. In the last Planning Commission's special meeting, there were 3 commissioners who agreed to put a 1-acre cap to 5% expansion. Since then our state has declared drought emergencies for Mendocino County and Sonoma County; yet 4 of our Board of Supervisors totally ignored Planning Commissioners' recommendation and insisted on pushing through the 10% expansion. Due to the water crisis, I urge you to please put a 1-acre cap to the expansion.

This is our home, please make the right decision and save our home for the next generation. Thank you for your service, we appreciate your time and thoughtfulness into this matter.

Sincerely,
Jessica Harness
