Dear Planning Commissioners,

I write in support of the CCAG memo and urge you to say NO to 10% expansion and recommend that the BOS not ratify 10% acreage expansion on AG or RL parcels in Mendocino County.

Please consider the wide range of stakeholders throughout the County who oppose expansion at this level and rate--legacy farmers, environmentalists, law enforcement. Consider the drought. Consider how expansion doesn't have to be all or nothing--please take a look at the recommendations from the Covelo Cannabis Advocacy Group, which don't recommend zero expansion, but which do recommend measured and tenable approaches to expansion.

Thank you for your time and consideration.
