Re: Height Variance of the International Institute for Philosophy and Ethics (IPE)

Attn: Susan H. Summerford, Planner III

To whom it may concern:

I am a US Army veteran. My wife and I teach classes at the Instilling Goodness Elementary & Developing Virtue Secondary School for three years since I honorably completed my military service. Our family lives in a house on Guidiville Road that is close to the IPE project.

We sincerely support the height variance application for the IPE project. We will be delighted to see such unique, architecturally and spiritually buildings be a wonderful addition to the already established peaceful community.

Sincerely,  
Daniel Yan & Amanda Shieh
