Re: Height Variance of the International Institute for Philosophy and Ethics (IIPE) 4951 Bodhi Way, Ukiah, Ca, 95482

Attn: Susan H. Summerford, Planner III

Dear Planning & Building Services,

I grew up in Talmage and now live above Mill Creek Road overlooking the City of Ten Thousand Buddhas and the Ukiah Valley. Every day I look at the new campus buildings being developed along Guidiville Road and think how lucky I am to have these neighbors that add to our diversity as a community.

I support their current campus expansion and the height variance application to build a building that will be unique and a future symbol of the diversity of Mendocino County. I believe the planned education and temple buildings will become a part of the Mendocino County identity and a destination for people around the world, just as the Chinese style entry gate on Talmage Rd. has become.

Sincerely,

Sarah Babcock
