Hello,

I'm writing this letter to show my support of increasing the height of the proposed Assembly Hall for tomorrow's public hearing.

We've lived in Ukiah for six years. My husband is an Oncologist in Ukiah Valley medical center, and I am a staff in Dharma Realm Buddhist University. We as a family support the increasing the height of the proposed Assembly Hall.

The Assembly Hall that CTTB is building is a significant structure of our Mendocino community. With an increase of height, it will be much more magnificent and will be a proud architect and culture symbol. It will not only be a significant spiritual structure for Buddhists around the world, but also a key structure of our local community. Making it more magnificent by increasing the height limit will attract more visitors and help our local economy to grow. So our family support the increasing the height of the proposed Assembly Hall.

Thanks,

Yang
