Susan H. Summerford or to whom it may concern;

As an Ukiah resident, I am writing this email for the sake of supporting Case # _2019-0005/UM 2019-0003, which is owned by Dharma Realm Buddhist Association(DRBA).

In my humble opinion, current design of 50 feet high of the great hall is in great need to increase to 65 feet. My reasoning is detailed as below:

Given the size of that great hall, the 50 feet high is not enough to single out as standing architecture in Ukiah. The built great hall is of multipurpose functions and will accompany us for many years to come. The extra 15 feet will allow more attractive construction features to be built in and will become the significant of remark in Ukiah. Failing to recognize this fact now will result much more financial burden if extension of the height is necessary in future. Living in modern society, it is precious to experience diversified cultures and this new Great Hall will provide just such an acritude that our residents in Ukiah, Mendocino county, even in whole California to be proud of.

Therefore, as tax payer in Mendocino County, I urge you to give the Case # _2019-0005/UM 2019-0003 a serious examination and I strongly believe most of Ukiah residents will be proud even

more for the world known Ten Thousand Budha City after the desired great hall in placed with 15 feet extention.

Best Regards

Ming Liu

Resident of Ukiah at 1510 Fir Terrace Dr.
