Mendocino County

OCT 20 2021

Planning & Building Services

To whom it may concern

I am writing in support of the application for a subdivision that has been submitted by Bodhi Mark. Case #MS-2020-0007

I support this because this land was left to my cousin by his mother and my Aunt, She wanted her children to be able to continue to live on this land that they grew up on. After her death her ex-husband proceeded to take loans on this land, without consulting my cousins, and against the wishes and will of my aunt. This was very unfair. After this my cousin was forced to take his own father to court in order to prove his interest in this property. The Judge agreed that Bodhi Mark had rights to this land. He also agreed that it should be subdivided in order that both John Mark, and Bodhi Mark could each do as they pleased with their shares of the land. If this subdivision does not go through my cousin will be forced to sell his share of the property when his father does. I know That it is Bodhi's wish to stay on this land and in his childhood home. If the subdivision is allowed to happen he will be able to do just this. as his mother has wished when she left her share of the property to her children before her death. John will be able to sell his interest in the land, and both men can get on with their lives. Please do support this.

Thank You
