RE: Case No. R2019-0013

Dear Commissioners:

I am a property owner on Simpson Lane  
at the corner of Franklin Road.

This issue came to my attention  
years ago when the County failed  
to give notice to property owners  
about zoning changes and proposed  
commercial growing businesses in  
residential zoning. At that time  
I submitted correspondence to the  
County, copied to all representatives,  
A county survey conducted provided  
no support for the project request.

Several of my neighbors are in the process of drilling wells, and water has always been my concern, in addition to other concerns.

I oppose commercial zoning for growing cannabis in a residential zone.

Please do not approve  
Case No. R2019-0013,

or any other requests for commercial growing activities in our residential neighborhood.

Thank you.

Jodi Mitchell
