## **Mendocino County Staff and Planning Commission,**

**I am writing to voice my support for Sovereign's cultivation facility applications (R2019-0012 and R2019-0013) currently being threatened by the sunset clause.**

Sovereign are good community people and it would be a shame to stop them operating. I know several people who work there and it would devastate their families, including one who takes care of a good portion of their family. Please keep allowing them to continue to bring quality, clean, Mendocino grown cannabis to the California market and continue to provide jobs to Mendocino natives. Thank you for your time and I believe you will do the right thing and keep people in jobs during these unprecedented, extremely strenuous times.

Sincerely,

Cody Holst
