Dear Mendocino County PBS Staff and Members of the Planning Commission and the Board of Supervisors:

I purchased 2200 Road E, APN 161-230-36, zoned RR-1, in August 2022. As a new property owner in the neighborhood, I just learned about Case#:

R_2021-0002, the request to establish a Cannabis Prohibition Combining District, and the hearing scheduled for March 23.

According to the "District Support and Zoning" map in the staff report, no prior response is on record for my parcel. Therefore, I wish to affirm my support of the rezone request.

Of the possible actions listed on the staff report, I strongly support Option 1, that "the Planning Commission recommends that the Board of Supervisors find the project exempt from CEQA and approve the requested rezone, as proposed by the applicant, based on the facts and findings contained in the resolution."

I respectfully request that this email be entered into the public record.

Sincerely,

Katherine Lee
