RE: R\_2021-0002 Eastside Residential Redwood Valley

Please be advised that I am in agreement with this request filed by Kathleen Gilley to Have our Eastside parcels to not be able to have Cannabis or pot gardens in our area. I have lived on Road E in Redwood Valley for over 25 years with wonderful neighbors And no issues. The house across the street has a pot garden now and is supposedly legal. Since this has gone in there have been continual issues with them in general. There is various traffic there in/out at various times of day, night and early am. I've Had my mail box knocked down several times without the party even stopping to tell someone. They were shooting off guns at different times of night and day/ Once was at 4 pm with me being outside on my property along with someone else. I have grandchildren Who frequently play outside and I'm afraid someone will get hit. That has subsided Some but it still has happened recently. My other neighbor mentioned to me that Individuals were leaving needles etc. on his property as well. In addition, gas was Being stolen. We've never had these issues previously to the pot garden going in. In addition, when they are planting or harvesting they will play music extremely loud To the point I could not hear the person I was talking to on the phone. This was after Dark around 9 or 10. I am not sure of the exact time. I am very concerned about The different people entering and exiting their property. I am a widow who lives Alone and have installed a gate with a code that they can't drive thru but could easily walk thru If they chose to do so. Previously we had a simple unlocked gate. The Cannabis is ruining The neighborhoods. There is already increased crime coming into Redwood Valley that wasn't Previously here. I am not listed as one of the parcel owners objecting as I didn't previously respond Due to I was dealing with a major illness at the time. I am the home owner though. Thank You for accepting my comments.
