Re: Case#: R\_2021-0002

I have been a resident of Redwood Valley since 1973 and own the properties at  
2081 Road E  
8901 East Road

Both properties border the proposed Cannabis Prohibition District.

I AM IN FAVOR THE CANNABIS PROHIBITION COMBINING DISTRICT

This is a family, residential area with people enjoying their animals, gardening and space to breath.

Cannabis stinks and destroys the fresh air, one of the major reasons my husband and I moved to Redwood Valley in the first place.

Historically, Redwood Valley has had MAJOR WATER PROBLEMS. Cannabis cultivation will suck the water aquifer dry endangering everyday water use and our ability to fight fire generally and the wildfires that are part of our future.

Don't let the current rain storms fool you, water is still a major problem.
