

April 17, 2023

Dear Dept. of Planning & Building  
Services Commission Staff,

I'm writing this note as a  
concerned resident of Redwood Valley. I  
feel it would be very important  
to have a protected area from  
Cannabis grows. (Case R-2021-0002)

My huge concern is water and  
environmental impacts. Water will  
always be a big issue.

People often come from out of  
the area and could care less  
about our community.

I truly hope you can protect  
our area from Cannabis grows!

Thank you and sincerely,  
Martha Akman
