Re: 2019-2020 Mendocino County Grand Jury Final Consolidated Report

Dear Judge Nadel,

Pursuant to §933(a) of the California Penal Code, the Mendocino County Grand Jury submits to you its final report. The consolidated report contains 5 reports approved by the Grand Jury. These reports are a fulfillment of the mandate to investigate local agencies and municipalities within Mendocino County.

This was a particularly challenging year for the Grand Jury with the stay at home and social distancing orders from the County Health Officer. The members of the Grand Jury identified a platform for remote working that allowed the continued development of reports and facilitated the working of the full panel for approval of the reports for submission.

Printed copies of these reports are available for public review at all of the County's library branches and at: <http://co.mendocino.ca.us/grandjury/>

It has been an honor to serve this County with these Jurors who have committed so much effort and time to researching and writing these reports to benefit our fellow residents.

Sincerely,

Frederick P. Branson,
Foreperson, Mendocino County Grand Jury 2019-2020
