Subject: Redwood Valley Re-zoning

Mendocino County

MAY 08 2023

Planning & Building Services

From: Judy Johnson- Owner

1201 Rd. D Redwood Valley, CA 95470

3421 Rd. B Redwood Valley, CA 95470

3425 Rd. B Redwood Valley, CA 95470

And

12125 S. Hwy 101 Redwood Valley, CA 95470

To: The Mendocino County Planning Commission

Department of Building and Planning

Concerning Case #: R_2021-0002 The rezoning request to establish a Cannabis Prohibition (CP) Combining District of over 207 Assessors Parcels in Redwood Valley.

I strongly oppose this rezoning and personally resent anyone trying to dictate what I do on my own property that I purchased with my hard earned money. The Mendocino County Planning Commission should not be allowed to let one person's prejudices cause legal discrimination for other people of this county. I respect my property, I respect my neighbors and I respect my rights as a United States Citizen. Narrow-mindedness and bigotry should not be given control in our county government.

The California Compassionate Use Act, or Proposition 215, makes it legal for medical marijuana patients and their primary caregivers to possess and grow marijuana for their personal use at the advice of a California physician.

If you don't want to grow cannabis on your property don't do it.

What next – Are you going to try to rezone the grape growers? Their pesticide and fungicide spraying is toxic to the air and water of Redwood Valley.

I expect this Planning Commission to make fair and impartial decisions for the zoning in Redwood Valley.
