## **X. BACKGROUND INFORMATION**

Mendocino County is located on the coast of northern California. It is bordered by Humboldt and Trinity counties to the north, Tehama, Glenn, and Lake counties to the east, Sonoma County to the south, and the Pacific Ocean to the west. The County lies 176 miles from San

Francisco at its northernmost point; and at its southernmost point, the County is 437 miles north of Los Angeles. The County contains 129 miles of coastline, which is affected by this plan update. The County is known for its distinctive Pacific Ocean coastline. The Mendocino County coastline runs at the south end of the county from the mouth of the Gualala River north to the Lost Coast, which borders Humboldt County to the north. State Route 1 is the main thoroughfare north/south through the coast from Sonoma to the Humboldt County line.

Relative to the Natural Environment, the Coastal Element of the General Plan contains eleven (11) classifications of natural environmental features as shown on the Land Use Maps by patterns and symbols. These classifications represent both existing vegetation or soil conditions, plant and wildlife habitats, and other features that influence land use categories or may, in particular instances, limit the intensity of uses on permitted on specified sites. The following is a list of such features:

- Prime Agricultural lands
- Pygmy and Pygmy-type Vegetation
- Riparian Vegetation
- Wetlands
- Dunes
- Rare or Endangered Plant Habitats, and Rare or Endangered Wildlife Habitats
- Special Treatment Areas
- Marine and Freshwater Habitats
- Wooded Habitats
- Other Upland Habitats
- Special Habitats

Habitats and Natural Resources are a vital component of the Coastal Zone and must be considered as development increases throughout the Coastal Zone. The Coastal Act includes policies for protection of land marine habitats, which state that marine resources shall be maintained, enhanced, and where feasible, restored. Special protection shall be given to areas and species of special biological or ecological significance. Uses of the marine environment shall be carried out in such a manner that will sustain the biological productivity of coastal waters and that will maintain healthy populations of all species of marine organisms adequate for long-term commercial, recreational, scientific, and educational purposes. The Coastal Act mandates the preservation of significant natural resources and habitats. Much of Mendocino's undeveloped coastal zone provides habitat for diverse species of plants and animals, many of which are vulnerable to disturbance or destruction from human activities. Particular threats are posed by unrestricted recreational use, poor forestry practices, and increasing development. Existing County and State procedures and ordinances have frequently been inadequate to ensure the protection of coastal resources.

In Mendocino County, environmentally sensitive habitat areas include, but are not limited to, anadromous fish streams, sand dunes, rookeries and marine mammal haul-out areas, wetlands, riparian areas, pygmy vegetation containing species of rare or endangered plants and animals. The County's Coastal Element contains a variety of Policies pertaining to Habitat and Natural Resources that were developed at the time the Coastal Element was conceived

but will/may require that many of these policies be updated and amended as part of this update.

Local control over land use and development regulations in the coastal zone was substantially modified with the passage of Proposition 20, the California Coastal Zone Conservation Act. Under Proposition 20, the California Coastal Zone Conservation Commission and six Regional Coastal Commissions were created and given the dual mandate to prepare a statewide comprehensive plan for the coast and regulate development while the plan was being prepared. The California Coastal Plan submitted to the Legislature in December 1975 led to the California Coastal Act of 1976 in which the Legislature declared in Section 30001(a) "That the California coastal zone is a distinct and valuable natural resource of vital and enduring interest to all the people..."

The Act established a permanent coastal zone management program in California, transferring the responsibility of preparing the Coastal Plan from the state and regional commissions to the counties and cities along the coast. Locally developed and implemented plans are to be reviewed by the Coastal Commission at least every five years. The Coastal Act calls for the "widest opportunity for public participation" in coastal planning. In Mendocino County, Citizen Advisory Committees (CACs) were appointed by the Board of Supervisors who worked diligently on the Coastal Element of the General Plan, developing their own position papers, writing specific comments on the draft policy statements and preparing of sketch plans with supporting text. Coastal Commission staff and the County's coastal planner attended these and many additional CAC meetings that lead to the drafting of the Coastal Element. Where CAC positions were consistent with the Coastal Act, they were reflected in the draft Land Use Plan. Public participation continued to affect the plan as it moved forward through the approval process. Numerous public hearings were held along the coast by the Mendocino County Planning Commission beginning June 15, 1981. The County's Coastal Element was finally adopted by the Board of Supervisors on November 5, 1985 and certified by the California Coastal Commission on November 20, 1985. Subsequently the Coastal Element has been revised beginning in 1998 with the last revision occurring on November 9, 2021. These have been only minor revisions over the years and not a comprehensive update, with the last revision including the provisions for the Accessory Dwelling Units (ADUs) in the Coastal Zone.

The overall goal of the comprehensive update to the Local Coastal Program (LCP) is to improve local coastal planning in Mendocino County to better address coastal resiliency and climate change adaptation by updating technical studies, descriptions, policies, maps and the implementation plan for the LCP in order to adapt to impacts of climate change, sea level rise, and associated coastal hazards. The primary objectives of this LCP update are to develop an understanding of existing conditions and evaluate current infrastructure within the coastal zone. The primary focus of this LCP update will be to address impacts of climate change and integrate goals, policies, and recommendations to allow the coast of Mendocino County to better mitigate climate change and adapt to its impacts. The update will allow updated sections to integrate relevant information from the proposed Sea Level Rise Resiliency Strategy. This will also allow other studies in the LCP to be updated to reflect how climate change has already begun to impact the area. Certain resources, such as agricultural resources, forest, open space, and alternative energy sources, can be used to mitigate climate change by decreasing greenhouse gas emissions and increasing carbon sequestration. The

LCP update will allow a better understanding of how to utilize these resources to mitigate climate change and update standards in the LCP to increase and accelerate beneficial adaptation approaches. The County will complete updates to its LCP, including but not limited to the following: updating the background and policies in various sections, updating studies references in the LCP, updating land use maps, completing environmental review consistent with the California Environmental Quality Act, incorporating comments from the Coastal Commission and public, and updating the Coastal Zoning Code.

As part of the County’s LCP Update, the County will need to consider Biological and Habitat Resources issues on the Mendocino County Coast, which requires updating background information relative to Coastal Marine Ecosystems, Dunes, Environmentally Sensitive Habitat Areas, Mendocino County Cypress Woodlands Habitats, Riparian Habitat Areas, Special Plant Habitats, Special Treatment Areas, Special Wildlife Habitats and Wetlands and formulating/updating the appropriate Land Use, and Habitat and Natural Resources policies and examine densities previously established by the Coastal Element, and whether these established densities require adjustments. In addition, the mapping of the various resources will also need to be achieved as part of the update. Based on the findings of the Biological and Habitat Resources analysis, the County will also require assistance in updating its current policies and implementation measures contained in the Coastal Element.

The County was awarded a Coastal Commission Grant, No. LCP-22-06, for a total of \$2,177,399.00, which expires on December 31, 2026. This grant includes \$200,000 County Match. The total grant amount MUST cover all tasks to be performed including studies, consultant costs, preparation of the environmental document and all circulation and review time, costal plan update, and all county staff time and technical services.

## **XI. SCOPE OF WORK**

The desired consultant must demonstrate an understanding of the project as the study will produce a careful analysis and update of the Biological and Habitat resources within the Coastal Zone. The purpose of the Biological Assessment and Environmentally Sensitive Habitat Areas (ESHA) Analysis is to identify and map areas within the Coastal Zone of Mendocino County, as defined by the California Coastal Commission, to locate special status plant and special status animal habitats to determine if they would be potentially of directly impacted by proposed development within the Coastal Zone. The analysis will involve consultation with the California Coastal Commission, the California Department of Fish and Wildlife, the U.S. Fish and Wildlife Service, the California Department of Forestry and Fire Protection, the United States Department of Agriculture, and a review of the USFWS National Wetlands Inventory and other available resources. Additionally, the analysis and findings will be utilized in the County's Environmental Document (Environmental Impact Report-EIR) for the plan amendment/update. The consultant should have an understanding of hydrology, soils, plants and animal habitats of the Mendocino Coast as well as the various watersheds in the County. The selected consultant will have a strong policy development background, that will be essential in assisting the County to update its existing LCP Policies, as well as the development of new policy language.

The County seeks for a consultant to assist in providing recommendations in the following topic areas:

- A. Recommendations for preservation of the declining Northern Bishop Pine Forest including:
  - Standard Mitigation approach to Northern Bishop Pine Forest since fire is not an option given existing development pressures.
- B. In all rare plant areas and rare plant communities consider allowances for the development of 1 single family residence under mitigating conditions in rare plant areas and plant communities (similar to the current regulations surrounding development in Dune ecosystems).
  - Standard mitigation recommendations
- C. Recommendations for Low Impact Development to reduce impacts on ESHA.
- D. Recommendations for balancing which resource to impact during development, in the case of sites with 100% sensitive habitat.
- E. Recommendations for thresholds for removal of dead/dying/diseased vegetation that may be incorporated into an amended Categorical Exclusion Order or new waiver provisions and/or definition of Major Vegetation Removal.
- F. Recommendations for balance of CALFIRE defensible space standards with natural resource protection that may be incorporated into an amended Categorical Exclusion Order or new waiver provisions and/or definition of Major Vegetation Removal.

- G. Provide recommendations for standards to allow for like repairs on structures located within 50 feet of the edge of a coastal bluff or environmentally sensitive habitat area, or within 20 feet of coastal waters or streams that may be incorporated into an amended Categorical Exclusion Order or new waiver provisions.
- H. Provide recommendations for standards to allow for greater than 50% repair and replacement of a single-family residence that would not require a full Coastal Development Permit but instead could be eligible for streamlined review such as being incorporated into an amended Categorical Exclusion Order or new waiver provisions.

The scope of work for the Mendocino County Coastal Plan Biological Assessment and ESHA Analysis Update is provided below:

### **Task 1 Biological Resources Survey Report**

The consultant will prepare a baseline Biological Resources Survey and prepare a report of findings which shall include a description of the survey area (Mendocino County Coastal Zone), that will be utilized in the development of both the CEQA Environmental Document for the plan amendment as well as the baseline data for the formulation of the plan update itself and the creation of applicable land use and habitat resources policies.

Under this task, the consultant will collect and compile data that will be used to analyze existing biological resources and land use conditions, which are to be used in the development of an updated Coastal Element of the County's General Plan. To the extent possible, data will be collected from existing sources, including published articles, data, and information available from the California Department of Fish and Wildlife and the US Fish and Wildlife Service, as well as the National Marine Fisheries, etc.

The Biological Resources Survey Report/Analysis shall include the following elements:

#### Survey and Discussion

- A. Description of Survey Area (Mendocino County Coastal Zone, including all habitat resources, streams, dunes, ESHAs, Marine and Freshwater Habitats, Wooded Habitats, Estuaries, Riparian Resources, Pygmy Vegetation, Wetlands, etc.
- B. Discussion of environmental setting and significance of the area within a regional context.
- C. Summary of Regulatory Setting

- E. Survey of plant and wildlife on site summarized in table form as well as descriptive report:
  - Soil types
  - Physical features
  - Species observed
  - Biological communities described utilizing a standard classification scheme noting any habitats that do not fit into the classification scheme or are unique to the area
  - Species of conservation interest (observed and potential)

- Avoidance and minimization measures biological communities and species of conservation interest.
  - Blooming period for plants and nesting/breeding period for wildlife.
  - Significance of the site within wildlife corridor/travel routes.
- F. Evaluate potential for sensitive species and their habitat to occur.
- G. Photographs of plant communities and sensitive species.
- H. Bibliography/References.
- I. Consultant shall provide all data/lists of observed and potential species for future use by the County in editable form (i.e. Microsoft Word).

The County shall be the sole arbiter in the determination of equality. The County reserves the right to reject any proposals and to accept the proposal or proposals which in its sole and absolute judgment shall, under all circumstances, best serve the interests of the County.

### **XIV. CONTRACT**

- A. Time is of the essence in awarding the contract. The County reserves the right to cancel any intent to award and proceed to the next vendor if the selected vendor has not signed the agreement within two (2) weeks after the notification of intent of award.

B. Execution of Contract

1. Upon the acceptance of a Vendor's Proposal, County will prepare and submit a contract to the successful Vendor for signature. (See sample contract, as Attachment G, which contains required contractual language.) In the event that the successful Vendor fails, neglects or refuses to execute the contract within two (2) weeks after receiving a copy of the contract from County, County may at its option terminate and cancel its action in awarding the contract and the contract shall become null and void and of no effect.
2. Incorporated by reference into the contract which is to be entered into by County and the successful Vendor pursuant to this Proposal will be (a) all of the information presented in or with this Proposal and the Vendor's response thereto, and (b) all written communications between County and the successful Vendor whose Proposal is accepted.

C. No Assignment

Assignment by the successful Contractor to any third party of any contract based on the Proposal or any monies due shall be absolutely prohibited and will not be recognized by County unless approved in advance by County in writing.

**D. Force Majeure**

Neither party shall be liable to the other for any failure or delay in rendering performance arising out of causes beyond its control and without its fault or negligence. Such causes may include, but not be limited to, acts of God or the public enemy, freight embargoes, and unusually severe weather; but the failure or delay must be beyond its control and without its fault or negligence. Dates or times of performance will be extended to the extent of delays excused by this section, provided that the party whose performance is affected notifies the other promptly of the existence and nature of such delay.

**E. Contract Term**

The term of the AGREEMENT(s) will be for a period of (1) year(s) with the option to extend the AGREEMENT(s) up to (1) additional one-year periods.

**F. Insurance**

Prior to commencement of this AGREEMENT, the CONTRACTOR(s) shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR(s) upon request shall provide a certified copy of the policy or policies. Refer to Exhibit C (Insurance Requirements) of Attachment G, Sample Mendocino County Contract.

**XV. REJECTION OF PROPOSALS**

The RFP does not commit the County to award a contract, to pay any costs incurred in the preparation of the proposal to this request, or to procure or contract for services or supplies. The County reserves the right to accept or reject any or all proposals received as a result of this request, to negotiate with any qualified source, or to cancel the RFP in part or in its entirety, if it is in the best interest of the County to do so. The County may require the proposer selected to participate in negotiations, and to submit such proposal as may result from negotiations.

Any proposal submitted during this RFP process becomes the property of the County. The County will not be liable for nor pay costs incurred by the respondent in the preparation of a response to this RFP or any other costs involved including travel. The selected contractor will be required to obtain a County business license if not already held.

**XVI. GENERAL CONDITIONS**

While the intent of the County is to award the contract to the selected Vendor, it reserves the right to both either withdraw and/or not award a contract at any time it so desires. Costs incurred in the preparation of response to this RFP will not be reimbursed.

The County has a standard contract service agreement. The successful firm will be required to agree to the terms contained within. Any issues with the insurance coverage or terms of the standard contract service agreement should be mentioned in the response to the Request for Proposals and documented in detail in Attachment C – Exceptions to RFP.

#### Limitations

- 1) The Vendor should expect to have access only to the public records and public files of local government agencies in preparing the proposal or reports. The Vendor should not anticipate any compilation, tabulation, or analysis of data, definition or opinion, etc., unless volunteered by a responsible official of that agency.
- 2) The County has the authority to terminate the contract upon written notice to the Vendor at any time during the period of the project if the County finds that the Vendor's performance is not satisfactory (as specified in Attachment G – Sample Mendocino County Contract, paragraph 19).
- 3) Contract payments will be made on the basis of satisfactory performance by the Vendor as determined by the County. Final payment to the Vendor will only be made when the County finds that the work performed by the Vendor to be satisfactory and the final work product and documents submitted meet the tasks of the project and is accepted by the County.

**GENERAL TERMS AND CONDITIONS**

1. **INDEPENDENT CONTRACTOR:** No relationship of employer and employee is created by this Agreement; it being understood and agreed that CONTRACTOR is an Independent Contractor. CONTRACTOR is not the agent or employee of the COUNTY in any capacity whatsoever, and COUNTY shall not be liable for any acts or omissions by CONTRACTOR nor for any obligations or liabilities incurred by CONTRACTOR.

CONTRACTOR shall have no claim under this Agreement or otherwise, for seniority, vacation time, vacation pay, sick leave, personal time off, overtime, health insurance medical care, hospital care, retirement benefits, social security, disability, Workers' Compensation, or unemployment insurance benefits, civil service protection, or employee benefits of any kind.

CONTRACTOR shall be solely liable for and obligated to pay directly all applicable payroll taxes (including federal and state income taxes) or contributions for unemployment insurance or old age pensions or annuities which are imposed by any governmental entity in connection with the labor used or which are measured by wages, salaries or other remuneration paid to its officers, agents or employees and agrees to indemnify and hold County harmless from any and all liability which COUNTY may incur because of CONTRACTOR's failure to pay such amounts.

In carrying out the work contemplated herein, CONTRACTOR shall comply with all applicable federal and state workers' compensation and liability laws and regulations with respect to the officers, agents and/or employees conducting and participating in the work; and agrees that such officers, agents, and/or employees will be considered as Independent Contractors and shall not be treated or considered in any way as officers, agents and/or employees of COUNTY.

CONTRACTOR does, by this Agreement, agree to perform his/her said work and functions at all times in strict accordance with all applicable federal, state and County laws, including but not limited to prevailing wage laws, ordinances, regulations, titles, departmental procedures and currently approved methods and practices in his/her field and that the sole interest of COUNTY is to ensure that said service shall be performed and rendered in a competent, efficient, timely and satisfactory manner and in accordance with the standards required by the County agency concerned.

Notwithstanding the foregoing, if the COUNTY determines that pursuant to state and federal law CONTRACTOR is an employee for purposes of income tax withholding, COUNTY may upon two (2) week's written notice to

CONTRACTOR, withhold from payments to CONTRACTOR hereunder federal and state income taxes and pay said sums to the federal and state governments.

2. INDEMNIFICATION: To the furthest extent permitted by law (including without limitation California Civil Code sections 2782 and 2782.8, if applicable), Contractor shall assume the defense of, indemnify, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, demands, damages, costs, liabilities, and losses whatsoever alleged to be occurring or resulting in connection with the CONTRACTOR'S performance or its obligations under this AGREEMENT, unless arising out of the sole negligence or willful misconduct of COUNTY. "CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.
3. INSURANCE AND BOND: CONTRACTOR shall at all times during the term of the Agreement with the COUNTY maintain in force those insurance policies and bonds as designated in the attached Exhibit C, and will comply with all those requirements as stated therein.
4. WORKERS' COMPENSATION: CONTRACTOR shall provide Workers' Compensation insurance, as applicable, at CONTRACTOR's own cost and expense and further, neither the CONTRACTOR nor its carrier shall be entitled to recover from COUNTY any costs, settlements, or expenses of Workers' Compensation claims arising out of this Agreement.

CONTRACTOR affirms that s/he is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for the Workers' Compensation or to undertake self-insurance in accordance with the provisions of the Code and CONTRACTOR further assures that s/he will comply with such provisions before commencing the performance of work under this Agreement. CONTRACTOR shall furnish to COUNTY certificate(s) of insurance evidencing Worker's Compensation Insurance coverage to cover its employees, and CONTRACTOR shall require all subcontractors similarly to provide Workers' Compensation Insurance as required by the Labor Code of the State of California for all of subcontractors' employees.

5. CONFORMITY WITH LAW AND SAFETY:
  - a. In performing services under this Agreement, CONTRACTOR shall observe and comply with all applicable laws, ordinances, codes and regulations of governmental agencies, including federal, state, municipal, and local governing bodies, having jurisdiction over the scope of services, including all applicable provisions of the California Occupational Safety and Health Act. CONTRACTOR shall indemnify and hold COUNTY harmless from any and

all liability, fines, penalties and consequences from any of CONTRACTOR's failures to comply with such laws, ordinances, codes and regulations.

- b. Accidents: If a death, serious personal injury or substantial property damage occurs in connection with CONTRACTOR's performance of this Agreement, CONTRACTOR shall immediately notify Mendocino County Risk Manager's Office by telephone. CONTRACTOR shall promptly submit to COUNTY a written report, in such form as may be required by COUNTY of all accidents which occur in connection with this Agreement. This report must include the following information: (1) name and address of the injured or deceased person(s); (2) name and address of CONTRACTOR's sub-contractor, if any; (3) name and address of CONTRACTOR's liability insurance carrier; and (4) a detailed description of the accident and whether any of COUNTY's equipment, tools, material, or staff were involved.
  - c. CONTRACTOR further agrees to take all reasonable steps to preserve all physical evidence and information which may be relevant to the circumstances surrounding a potential claim, while maintaining public safety, and to grant to the COUNTY the opportunity to review and inspect such evidence, including the scene of the accident.
6. PAYMENT: For services performed in accordance with this Agreement, payment shall be made to CONTRACTOR as provided in Exhibit "B" hereto as funding permits.

If COUNTY over pays CONTRACTOR for any reason, CONTRACTOR agrees to return the amount of such overpayment to COUNTY, or at COUNTY's option, permit COUNTY to offset the amount of such overpayment against future payments owed to CONTRACTOR under this Agreement or any other agreement.

In the event CONTRACTOR claims or receives payment from COUNTY for a service, reimbursement for which is later disallowed by COUNTY, State of California or the United States Government, the CONTRACTOR shall promptly refund the disallowance amount to COUNTY upon request, or at its option COUNTY may offset the amount disallowed from any payment due or that becomes due to CONTRACTOR under this Agreement or any other agreement.

All invoices, receipts, or other requests for payment under this contract must be submitted by CONTRACTOR to COUNTY in a timely manner and consistent with the terms specified in Exhibit B. In no event shall COUNTY be obligated to pay any request for payment for which a written request for payment and all required documentation was first received more than six (6) months after this Agreement has terminated, or beyond such other time limit as may be set forth in Exhibit B.

7. TAXES: Payment of all applicable federal, state, and local taxes shall be the sole responsibility of the CONTRACTOR.
8. This explicitly includes the electronic copies of all above stated documentation.

CONTRACTOR shall be permitted to retain copies, including reproducible copies and computerized copies, of said Documents and Materials. CONTRACTOR agrees to take such further steps as may be reasonably requested by COUNTY to implement the aforesaid assignment. If for any reason said assignment is not effective, CONTRACTOR hereby grants the COUNTY and any assignee of the COUNTY an express royalty – free license to retain and use said Documents and Materials. The COUNTY's rights under this paragraph shall apply regardless of the degree of completion of the Documents and Materials and whether or not CONTRACTOR's services as set forth in Exhibit "A" of this Agreement have been fully performed or paid for.

The COUNTY's rights under this Paragraph 8 shall not extend to any computer software used to create such Documents and Materials.

31. SEVERABILITY: If a court of competent jurisdiction holds any provision of this Agreement to be illegal, unenforceable, or invalid in whole or in part for any reason, the validity and enforceability of the remaining provisions, or portions of them, will not be affected, unless an essential purpose of this Agreement would be defeated by the loss of the illegal, unenforceable, or invalid provision.
