Dear Commissioners,

We are submitting two photographs for the Mendocino Archaeological Commission meeting on October 8, 2025 - Agenda Item 3d. For the commissioners use, we are providing:

1. A view of the planned addition footprint
2. A view of the planned deck footprint

In addition, we have viewed a 1963 aerial photograph online that shows the subject parcel just prior to approval of the subdivision in 1966. No structures are visible on the 1963 photograph. The current residence was constructed in 1971.

Kind regards,

Eric Harrell and Lys Pitters
