Margery Pfund Living Trust Donates \$408,000 to Expand Spay and Neuter Services in Mendocino County

MENDOCINO COUNTY, CA – Mendocino County Animal Care Services is proud to announce a transformative gift of \$408,000 from the Margery Pfund Living Trust, dedicated exclusively to expanding spay and neuter services throughout the county.

This generous donation will significantly increase access to low-cost and no-cost sterilization procedures for pets and community animals, helping reduce shelter intake, prevent unwanted litters, and improve overall animal welfare. The funding will support mobile clinics, veterinary staffing, outreach efforts, and partnerships with local hospitals and rescue organizations.

“We are deeply grateful to the Margery Pfund Living Trust for this extraordinary contribution,” said Amy Campbell, Director of Mendocino County Animal Care Services. “This gift honors Margery Pfund’s legacy of compassion and commitment to animals, and it will have a lasting impact on our community for years to come.”

The donation comes at a critical time, as the county continues to address pet overpopulation and promote responsible pet ownership. With these new resources, Animal Care Services will be able to reach underserved areas, assist more families, and ensure that every animal has a healthier, safer future.

For more information about upcoming spay and neuter services, please call the Animal Care Services clinic line at 707-463-4782.
