please provide me with a map of the areas: major vegetation removal of the 43 trees which will be potentially removed adjacent to the pg&e distribution lines near my property located at 36880 glennen dr, gualala. the letter received only lists costal zones. i am unable to decipher where exactly these zones are located and tree removal is located near my property.

i would like to be prepared to speak at the live stream 12/17/2025 if needed thank you susan paillon Sent from my iPhone
