Our comments towards this application:

For the betterment of our community, we need to up-grade this tower already existing in Manchester, CA. 95459. Also, it's advantageous to have a wireless company, in this case - Verizon - install their panels, equipment, etc., to an already EXISTING tower, on the east side and is out-of-view from South Highway One. Does not impact our beautiful ocean views!

WE ARE IN FAVOR OF THIS PROJECT.

Thank you Robert & Barbara Garibaldi
