Regarding the construction of a sidewalk along state route 1, in Manchester

I have lived in Manchester, on Biaggi Rd, for 38 years. I have walked to the school and to the market across from Creamery Lane many, many times. It was always a little difficult walking in the grass and felt a little dangerous being so close to the traffic. Now that I am older, the walk is not comfortable at all.

I would LOVE to have a sidewalk on that stretch of the highway. It would benefit so many people who would walk to the market and/or the school.

So, yes please!!

Thank you for considering this project.
